

# foreword

Dear Patrons and Vinophiles of La Strada, we have curated this list for you as like-minded wine lovers. The goal of this list is to bring you wines that inspire joy and also wines that will enhance your dining experience. As such, every single label listed here come from producers and artisans that we ourselves admire. While taste and quality are the utmost priority, our interest in sustainably farmed, organic and biodynamic wines have influenced our decision making.

We are proud to present this list to you that includes 8 different housepours, 10 additional premium wines by the glass in our Coravin Selection, a horde of half bottles for those who are not into volume, and 40 other labels by the bottle. We do hope that you have as much fun browsing through this list as we had putting it together. For your convenience, we have also arranged every single wine in each section in order of lightest to heaviest.
